Dear Ms. Martin,

Thank you for your letter of November 5th. I am quite surprised that you are declining the medical school's offer of expert information and are relying upon your own internal resources for such an important matter. While I accept that it is your decision, I am shocked that an organization that represents education, learning and values the acquisition of new knowledge would reject the opportunity to acquire expert information from another educational institution.

Yours sincerely,

Jon Meddings, MD FRCPC
Dean, Faculty of Medicine
